EDUCATION

- **MSc Data Science**
  Periyar University, Salem
  2025 – Present
- **BCA**
  Government Arts College(A), Salem-7
  CGPA: 7.46
  2021 – 2024
- **HSC**
  The Gugai Hr. Sec. School
  Percentage: 86.79 %
  2020 – 2021
- **SSLC**
  The Gugai Hr. Sec. School
  Percentage: 85.4 %
  2018 – 2019

TECHNICAL SKILLS

- **Languages**: Python, Java, C/C++, HTML, CSS, JavaScript, Streamlit
- **Tools/Libraries**: NumPy, Pandas, OpenCV, Matplotlib, scikit-learn
- **Data Visualization**: Tableau, PowerBI, Excel
- **Database**: MySQL
- **Others**: GitHub, VS Code, Jupyter Notebook

AREA OF INTEREST

- Web Development
- Machine Learning
- Data Analyst
- Artificial Intelligent

PROFILE

Aspiring Data Analyst with skills in Python, SQL, Excel, and data visualization. Passionate about extracting insights from data and solving real-world problems. Experienced with data analysis libraries and hands-on projects. Continuously learning to improve analytical and problem-solving abilities in a dynamic, data-driven environment.

INTERNSHIPS

Machine Learning and Data Analysis Intern
Viswa Technology, Salem [May – June 2025]

- I Gained hands-on experience in data preprocessing and machine learning model building.
- Worked on real-time datasets for classification and analytics using Python libraries.

CERTIFICATION COURSE

- Microsoft Office Fundamentals
- The Joy of Computing Using Python
- Introduction to Artificial Intelligence

PROJECTS

Restaurant Recommendation System:
Python, Streamlit, Content-based Filtering
- Built a recommendation engine suggesting restaurants based on cuisine, location, and rating.

Stock Price Movement Classifier:
Python, Streamlit, SVM
- Developed a classifier to predict stock price movement (Up/Down).
